
MMM 2016 Addendum

Changes in the Schedule (updated 5/24/15)

Wednesday, May 25th- 9:15-10:15-

Concurrent paper session 5

- Session 5A now has two papers

Session 5A: Bayesian Multilevel Modeling
Laurel Hall 205

Paper	Authors
<i>The matching effect of intra-class correlation (ICC) on the estimation of contextual effect: A Bayesian approach to multilevel modeling</i>	Hawjeng Chiou
<i>Bayes Factor null hypothesis tests are still null hypothesis tests</i>	Matt N. Williams

Session 7D: Effect Sizes and Hypothesis Tests has been *cancelled*. There will be no session 7D.

- Also, **Bayesian Model Averaging for Multilevel Models** by **June Yang** moved to Posters from Paper session 5A.

THURSDAY, 5/26-

The post-conference workshop will be held in Laurel Hall Room 102.
